Education

New Jersey Institute of Technology **Graduation: May 2030**
Bachelor of Science in Mechanical Engineering Technology *Newark, NJ*

Oakridge International School **Graduation: July 2026**
International Baccalaureate Diploma Programme *Hyderabad, India*

Experience

Yashoda Hospitals **Feb. 2025 – May 2025**
Analyst Intern *Hyderabad, India*

- Supported oversight of biomedical equipment operations and hospital technology workflows, gaining familiarity with engineering practices in clinical settings.
- Observed equipment maintenance, evaluation, and technology management procedures to develop an understanding of equipment reliability and operational standards.

Medicover Hospitals **2024 – 2025**
Volunteer Intern *Hyderabad, India*

- Completed approximately 40 hours of volunteer service assisting staff with administrative and non-clinical workflows while gaining exposure to medical equipment and hospital operations.

Engineering Design Exhibition
Pinhole Camera Project *Oakridge International School*

- Collaborated with a five-member team to design, assemble, and test a functional pinhole camera, applying optical principles and presenting the prototype at a school engineering exhibition.

Leadership & Service

Hack4Hyd Hackathon **2025**
Managing Director *Hyderabad, India*

- Coordinated event logistics, fundraising, registration, and operations for a sustainability- focused innovation hackathon hosted at Microsoft's Hyderabad facility.
- Collaborated with executive directors and cross-functional teams to support sponsorship outreach, venue planning, and participant coordination.

Mathematics Club
Lead Organizer and Host *Oakridge International School*

- Led planning and execution of the Pi-athlon mathematics competition, coordinating mathematical challenges, participant selection, and event hosting.

Model United Nations **2022 – 2025**
Delegate and Journalist *Hyderabad, India*

- Participated as a delegate and journalist at over nine conferences; ranked among the top four delegates in a 30-member Joint Crisis Committee.

Mathematics Peer Tutoring
Volunteer Tutor *Oakridge International School*

- Provided peer support in calculus and other mathematical topics, demonstrating step-by-step solutions and explaining problem-solving methods.

Technical Skills & Awards

Engineering Skills: Experimental Testing, Data Collection, Measurement Analysis, Uncertainty Evaluation, Prototyping
Additional Skills: Technical Communication, Mathematical Analysis, Team Collaboration, Project Coordination
Awards: First Runner-Up – Clash of Mathematicians (Infinity Mathematics Competition, 2023); Honourable Mention – Rockwell MUN; Honourable Mention – Oakridge MUN; Verbal Mention – Oakridge Junior MUN
Languages: English, Telugu, Spanish (IB Coursework)
